The **Start Talking Cup** was created to shine the spotlight on the mental health of young hockey players and youth in our community. Through this event, our goal continues to focus on breaking the stigma associated with mental illness and addiction and encourage everyone to "start talking" about how we are feeling.

This year we are proud to host the Minor Midget AAA Barrie Colts vs North Central Predators. The second important piece of this event is each player, parent and coach are offered workshops focused on mental health and addiction awareness. These workshops are provided by our own CMHA SC Youth Counsellors. Over the last 6 years, we have provided this education to over 800 participants.

Typically the Start Talking Cup is an in- person event. This year we are including a virtual viewing option. Tickets will be available prior to the game for \$5.00 and will also be available at the door.

Proceeds from this event benefit our Start Talking Campaign. Funds raised by this campaign stay in Simcoe County. Start Talking is a CMHA SC awareness initiative working to reduce the stigma surrounding mental illness and addiction while increasing resources for members of our community. Such resources may include education and support focused on suicide prevention, mental health wellbeing and addiction awareness.
